RAMADAN
KAREEM

RAMADAN CEO MESSAGE

Dear Marcap Family!

I would like to wish you and your families a blessed Ramadan and update you on the status of our company and share good news.

The Corona times are almost behind us, and we are looking into a much brighter and prosperous future. This period was not easy to overcome, but I am proudly declaring that we successfully passed through the hardest part and now focusing on developing our business.

The hard times were used to concentrate on our core. Developing our internal systems and processes. We came out of the crisis as a stronger, more efficient and more cost-effective company.

I am happy to report that lately we have mobilized 3 new DP2 AHTS Vessels to Saudi Arabia. These joined our fleet and executing a long-term project for our respectful client - KJO.

Simultaneously, Marcap is doing great in UAE. We have been recently awarded a long-term job with our newly added DP2 vessel, Marcap 203 in Abu Dhabi. Our fleet is growing and Marcap family is expanding. More projects are in the pipeline bringing prosperity to the company and all team members.

On this holy occasion, I would like to wish peace to East Europe where right now a war is going on. A lot of our family members come from that region, most of them are working offshore. I pray for the safety of their families, for the quick end of this conflict and for peace to the whole world.

I am glad to inform you that our HSE score this year was exceptionally high and exceeded all our previous marks. This is a result of your commitment to HSE and our coordination and cooperation together. Most of the credit goes to our valuable offshore crew that we are always proud of.

Let us keep this company great, let us keep us all safe.
Stay happy! Ramadan Mubarak to you and your Families!

Sincerely Yours, Samer Qiblawi

NEW PROJECTS IN

SAUDI ARABIA

We are delighted to observe the growing positive dynamics in the market. Recent developments show a big potential not only in the UAE but in the KSA as well.

Saudi Marcap was established in 2010 and since then has been successfully running different projects mostly with the KSA giant - Saudi Aramco. During the Corona time at its peak, more long term contracts were successfully signed with another major company - KJO.

Saudi Marcap continues to strengthen its position, and now we have mobilized 3 AHTS DP2 Vessels for a long-term job again with KJO. We successfully completed the mobilization process and started operations. The vessels are supporting a Rig in Khafji.

Our Khafji office has been expanded, we provided additional manpower and equipment to support the bigger number of vessels that joined our fleet there. To be able to act fast and fit all our client's requirements and ensure a smooth and safe operation.

Hopefully, KSA will shower us with more projects in the nearest future, and what started as a small affiliate will become a full-scale multifunctional establishment.

WELCOMING M/V MARCAP 203 MODERN DP2 AHTS VESSEL

Marcap receives the holy month of Ramadan with gratitude and surrendering hearts. As we witness the world rising from the impact of the global health crisis, we look forward with hope for a brighter future and we welcome to our fleet M/V Marcap 203.

Marcap 203 is driven by 7000 brake horsepower engines and 90T Bollard Pull. This 65-meter DP2 vessel is set to serve our biggest and main client in Abu Dhabi - ADNOC. She will be working offshore alongside our existing vessels to support Oil and Gas operations in the UAE. She is being prepared to commence the service and raise the flag of Marcap for at least five years.

Length Overall	65.00 m
Length BP	57.20 m
Beam Moulded	16.50 m
Depth Moulded	6.80 m
Draft (Max)	5.40 m
Draft (Design)	5.00 m
Deadweight.	2,200 T

TONNAGE

GRT	2,400 T
-----	---------

CARGO DECK

Clear Deck Area	450 m ²
Deck Loading	7T/m ²

DYNAMIC POSITIONING

DP(2) System	Kongsberg
--------------	-----------

STORAGE CAPACITY

Fuel Oil	578.0 m ³
Fresh Water	470.0 m ³
Drill Water / WB	531.0 m ³
Mud / Brine / ORO	800.0 m ³
Dry Bulk	200.0 m ³
Foam	24.0 m ³
Dispersant	24.0 m ³

ACCOMMODATION

Berth / Cabin	04 x 01 men
	07 x 02 men
	08 x 04 men
Total	50 men

SAFETY EQUIPMENT

Rescue Boat	1 x 15 men, SOLAS approved
Life Raft	6 x 25 persons

FIRE FIGHTING

Class	FIFI 1
Fire Monitor	2 x 1200 m ³ /hr
Fire Pump	1600 m ³ /hr

MANEUVERING & PROPULSION SYSTEM

Main Engine	02 x 3,500 BHP
Total BHP	7,000 BHP
Gearbox	Niigata
Propeller	02 x FPP with Nozzle
Bow Thruster	2 x 650kW, motor-driven CPP, 10 pull, Kawasaki
Bollard Pull	Approx. 90T@100% MCR
Stern Roller	SWL; 300T, 5m x 2m

ELECTRIC POWER GENERATION

Main Generator	03 x 380kW/ 440V/ 3Ph/ 60Hz
Shaft Generator	02 x 1000kW/ 440V/ 3Ph/ 60Hz
Emergency Generator	01 x 99kW/ 440V /3Ph/ 60Hz

PERFORMANCE

Max. Speed	Approx. 13.5 knots
Economic Speed	Approx. 10-12 knots
Endurance	Approx. 7,200nm on economic speed

DECK EQUIPMENT

Anchor	2 sets 1710 kg. AC-14, HPP Type
Anchor Chain	660 m x 36 mm (Ø), Grade U3
Anchor Windlass	62 kN @ 9m/min
Provision Crane	SWL: 3 @ 14m reach
Towing Winch	225 T Brake, 150 T Pull
Capstan	02 x 5T
Tugger Winch	02 x 10T
Chain Stopper	02 units
Shark Jaw	SWL: 300 MT

Fresh Water Maker	1 x 10 T/day

COMPLIANCE AUDITS - OSHAD & ISO

When we are students, exams are the hardest part of the learning process. The same with our job: reporting, public speaking, presentations, and audits are the stressful component of the working process. Nevertheless, here in Marcap, we are learning to embrace and look at them from a different positive angle.

"One who does nothing makes no mistakes" - the motto of all successful people who aim to reach high. If there are no challenges, there is no development. Marcap constantly raises the bar and enhances the system by embedding new international standards in its management system.

We conduct regular internal audits, but nothing is more revealing than an objective view from the outside. This is the reason we always welcome external audits: to make sure we are on the right track and to find out areas for development.

In this first quarter of the year, we have already successfully completed 2 important external compliance audits, OSHAD by Tasneef and ISO by Bureau Veritas. The Audits concluded that Marcap management system conforms with the OSHAD and ISO 9001 / 14001 / 45001 standard requirements. Both systems are effectively implemented in the workplace.

Maintaining the standard creates a habit. Once this habit becomes a routine, you are ready to chase a new peak. This is a dynamic and never-ending process.

ADNOC HSE LEADERSHIP WORKSHOPS

ADNOC introduced a healthy habit, - regular meetings at the executive leadership level discussing HSE culture and improving HSE practices. An online forum with panel discussions, useful presentations, introducing of outstanding practices are giving importance to the vital topic of HSE.

Marcap top management is a constant member of these useful workshops.

EXECUTIVE LEADERSHIP SITE VISITS

Top management's visits to the vessels ensure continued communication on all company levels and assert the leadership commitment to the HSE. Mr. Samer Qiblawi, President & CEO makes regular online visits according to the plan.

As long as physical visits are still a challenge, online meetings became a great alternative to keep management's eyes on the ball and have a direct flow of communication.

Vessels are visited by the President & CEO along with the HSE Manager, Mr. Habib-Ur-Rehman to verify compliance with HSE policies including prevention against pandemic, safety observation reporting, promoting safety culture and awards. There is always an opportunity for crew to address directly and inform about their challenges.

HSE AWARDS

In line with the company's directive to inculcate HSE culture as a way of living, the crew onboard Marcap Vessels are strongly encouraged to participate in reporting a Safety Observation and identifying the safe worker on monthly basis. For the first quarter of the Year 2022 from January to March, we are elated to announce that the award winners and contributors are primarily from ratings. This serves as an encouragement that HSE is actively incorporated into the daily activities of everyone on board, where everyone makes a difference, regardless of rank or seniority. We are pleased to announce the following outstanding Marcap crew for their HSE contribution:

JANUARY 2022:

BEST HSE OBSERVATION:

WOMEN'S DAY CELEBRATION

Dear Beautiful Colleagues!

We are happy to have you as a part of our team. So many times it was proven that you are not only the blossom part of our company, but smart and competent component of the Family.

Congratulations! Please always shower us with your pretty smiles!

SPORT IS ALWAYS A GOOD IDEA

Corporate outdoor activities together grow team spirit, connection and, the most important thing, - make us stronger and healthier. Marcap has a dedicated professional trainer who leads all the athletic activities and shares healthy tips.

Games are the favourite part of our staff, although, some of them prefer a special healthy gymnastics. Our trainer, Mr. Julian is a big master of martial arts as well. Combining different techniques leads to a great result and a lot of enjoyment.

SUHR GATHERING

This Suhur gathering was an exceptional and long-awaited event. We spent it by the sea enjoying the light breeze, delicious food, live traditional music and indeed, each other's presence and great mood.

This meeting put together not only the current Marcap employees but also their family members and ex-colleagues. It made the party more cosy, homely and warm.

CREW LIFE IN PICTURES

You always can find a reason to please your team on board.
In our business, we highlight the importance of a good crew.
And we are proud of our carefully selected members, our
front liners. Treat your seamen with a good meal.
